ACKNOWLEDGEMENT

It gives us a good pleasure to submit the project topic titled “**Restaurant Bot**”. We wish to take this opportunity to express our heartiest gratitude with pleasure to J.D.I.E.T, Yavatmal, which gave us an opportunity in fulfilling our cherished desire of presenting our topic so that can reach to our goals.

We are indebted to a proactive guide **C.S.Dhamande**, professor of department because without his valuable guidance this work would not have a success. His constructive, useful, timely suggestions and encouragement in every stem immensely help us to carry out our project work. His valuable presence was a great boost for us in achieving up the goal. We are very much indebted to Head of the Department **Prof.Dr. D.N.Chaudhari**, and Principal **Dr. R.S.Tatwawadi**, for providing all the facilities needed for successful completion of this project work. We are very much thankful to all professors and staff members of Computer science and Engineering Department. We also express our deep gratitude to our parents and all our friends who directly and indirectly helped us to prepare for this project.
